

DRAMA DAYS

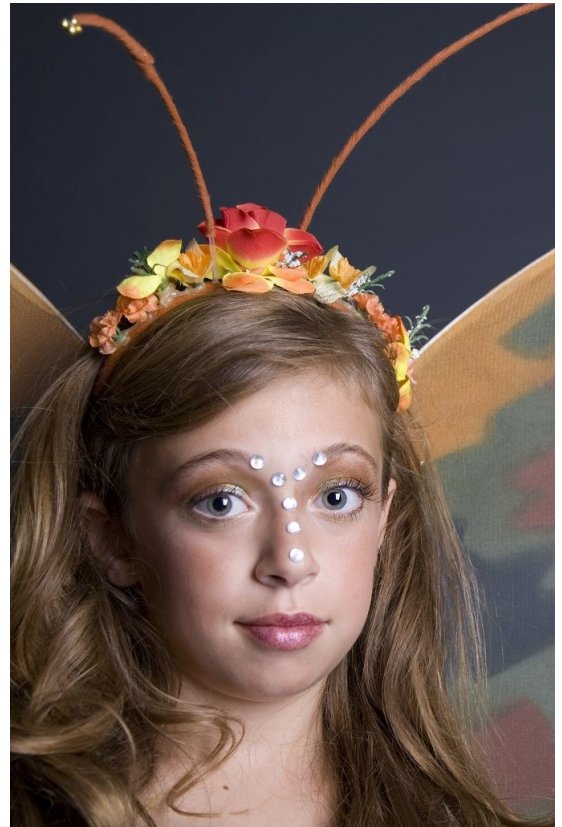

Term 1

Help your child develop their performance skills, their capacity for self-expression and their creativity through a Perform Australia Drama Day!

Children who elect to participate in Drama Days come out of class on the nominated day and work with our tutor on the school premises.

A full day of learning includes acting skills, drama games and activities, acquaintance with theatrical vocabulary and processes, and sometimes a performance outcome for family and schoolmates.

Perform Australia is Canberra's leading drama school, offering a range of children's classes and workshops right through to professional actor training programs to Advanced Diploma level. Our programs are specially designed by actors and educators to present solid learning outcomes for students.
